

Mount Carmel College Autonomous, Bengaluru

Department of Chemistry

Activity: Workshop

Date : 11th October 2019

Name of the program: “Microscale techniques in Chemistry”

Resource person: Dr. S. Murugan, Retired HOD of Chemistry, S. T. Hindu College, Nagercoil

Brief report: A one day workshop was conducted by department of chemistry on microscale techniques in analysis of chemical reactions in which Dr. Murugan gave hands on training on carrying out some important organic reactions in spot plates and semi-micro test tubes. Training was given on microscale preparations and titrations. It serves the following purposes.

- reducing the amount of chemicals used.
- environment friendly chemicals.
- less time consuming.
- less hazardous to the teachers, students and lab assistants.

Number of participants: ~ 25 participants including Faculty from Mount Carmel and from four different colleges
