

Mount Carmel College Autonomous, Bengaluru

Department of Chemistry

Activity: Seminar

Date: 10th October 2019

Name of the program: “Understanding the Condensation reactions in Chemistry”

Resource person: Dr. S. Murugan, Retired HOD of Chemistry, S. T. Hindu College, Nagercoil

Brief report: A one day seminar was conducted by department of chemistry in which a brief presentation was given by Dr S. Murugan on the basics of mechanism of various condensation reactions and highlighted on how they can be related to each other. It was truly an eye opener to the students to approach the subject in a proper way as the students generally tend to learn chemistry by rote memory.

Number of participants: 23 PG students from department of chemistry
