

DEPARTMENT OF MICROBIOLOGY
MOUNT CARMEL COLLEGE (AUTONOMOUS)
WEBINAR 2020-2021

Department – MICROBIOLOGY

Activity- Webinar

Date - : 6th and 7th November 2020, Friday

Title of the activity: Amidst the Pandemic (Invincible Corona)

Industry / Resource Person : Dr. C M Vimala (Former Dean and Head, Department of Zoology, Mount Carmel College Bengaluru)

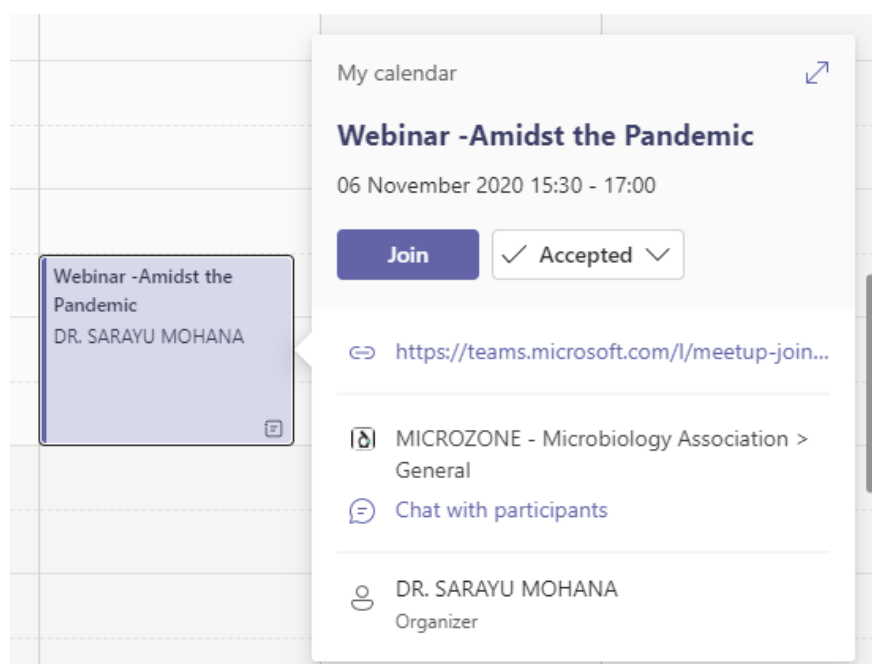

Number of Participants : 200

PLATFORM: MS Teams

Brief Report

The year 2020 brought in the COVID-19 and as the onslaught of the pandemic continued, we adapted to the new norm and ensured continuity in teaching-learning experience. To do so, the department of Microbiology conducted webinars and online guest lectures. Dr. Vimala Francis, the former Dean of Science of Mount Carmel College, Bengaluru, gave a thought-provoking talk '**Invincible Corona**'. Dr. Vimala gave a very simplified outline of how COVID-19 spreads and how it affects the body. She also addressed a few common myths regarding the disease, which was necessary during the time of panic and confusion. She gave a few tips and tricks to keep oneself safe at home. This talk helped people to get over their myths about corona virus.

1 INVINCIBLE CORONA

2 Introduction - 2020 has been a pandemic year. We are all at home and some quarantined. Too much of information from the media- TV, phone, news papers, magazines

3 We all know everything - Corona is a deadly disease. Highly contagious. SMS- social distancing, masks, sanitizers. Washing hands and washing everything you bring in and sanitize everything

4 Every one is scared -

5 Questions- why, when, how?
