Report on webinar session titled Financial Risk Management

The PG Department of Commerce, Mount Carmel College, Autonomous organized a webinar series titled **'Samvedhanam 2021 – Emerging Paradigms in Business'** from 15th September to 17th September so as to provide platform to students, academicians, researchers and corporates to sharpen their knowledge and skills, heighten their levels of employability.

On the 2nd day of the series dated 16th September 2021 the staff coordinators were Dr. Karuna M and Dr. Raghavendra K S.

The 2nd session titled 'Financial Risk Management' was conducted from 1:30pm onwards.

The resource person for this session was Dr. K Nirmal, Chairperson, PG Studies and Research in Commerce, Bangalore University.

The session started with opening remark delivered by Professor R. Sivakami, coordinator of PG Department of Commerce, followed by the welcome address from Ms. Chaitra S, student coordinator of the session, II M.Com General.

The session was then handed to the speaker. She commenced it with briefing the concepts that will be covered by her under the topic of financial risk management, moving towards the significant tool called the Derivates.

Beginning with the basics of what derivates are, their features and uses, the speaker escalates towards specifics like types of derivates commonly used, their meaning, what makes them different, risks and limitations followed by trade statistics of 2021 and various terminologies all supported by examples and graphs which contributed towards in-depth learning. She also highlighted various concepts like mezzanine financing, exotic derivative and other current affair pertaining to financial markets and clarified doubts posed in the form of questions by the participant with precise explanation.

The session ended with a vote of thanks by Ms. Roshini R Pai, student coordinator of the session, II M.Com General.
