Report:

The Department of Commerce, Mount Carmel College (Autonomous), organized it's 2nd Series of webinar for the 2nd Year B. Com Honours students on 26th March, 2022.

The session started with our class mentor Ms. Aishwarya, introducing the speaker and then the speaker began the session.

The session gave deep insight into how risk management is put to use in uncertain situations. The speaker gave a complete view about risk using very recent example of Russia – Ukraine war and its impact on the world, in terms of automobile industry, human resources, inflation, currency rates, stock market and financial sanctions. The speaker also pointed out how to identify risks in different industries based on its supply chain, market, customer groups, etc.

Through this online session students along with risk management also learnt how the global issues are a risk to Indian Economy.

At the end of the webinar, we had a Q & A session where sir patiently addressed all questions put forward by the students regarding the crisis of Sri Lanka and also gave us tips on how to prepare for Professional exams.

We would like to express our sincere gratitude to the Head of the Department, the course Coordinator and our Mentor for organizing this guest lecture and the opportunity to learn about risk management.
