

Digital Finance Transformation

Activity: Webinar on Digital Finance Transformation

Date: 22/09/2023

Speaker: Mr. Anand G- Director, Capgemini, Cost Accountancy from ICWAI, Chartered Management Accountant [UK], Lean Six Sigma, Black Belt Certified

The School of Commerce, Mount Carmel College, Autonomous, in collaboration with Miles Education, organized a webinar for 1st-year B.Com Strategic Finance students on 22nd September 2023 at 2 p.m. It was held online via Microsoft Teams. The program was an interesting session in which we explored in-depth the digital aspects of finance. We also learned about the various components related to digital finance. Sir started us off with an inspirational quote and also presented a PowerPoint presentation to the class which better helped us understand the topics. During the session, Mr. Anand informed us how being certified in a particular area is important, but one must also at the same time be aware of the tools and tech that are currently present in the corporate world. We also learned in detail about how the technology used in the industry is divided into three; namely- The Best in Class, Business Applications, and Enablers. We were shown a table that depicted the digital instruments that are used in the different sectors of the finance industry. Sir stressed the fact that we students should not only have theoretical knowledge but also awareness of the workings of real-world finance. Lastly, we learned about the principles and key considerations as well as the Three R's (Reuse, Repurpose, Recycle) of digital finance tools. Overall, the webinar on "Digital Finance Transformation" organized by Mount Carmel College, Autonomous– School of Commerce was very informative and helpful in giving us an insight into the technology used in finance. The program came to an end with a brief question-and-answer session.
