

Guest Lecture

Department: Life Science

Activity: Guest Lecture

Date: 25th February 2023

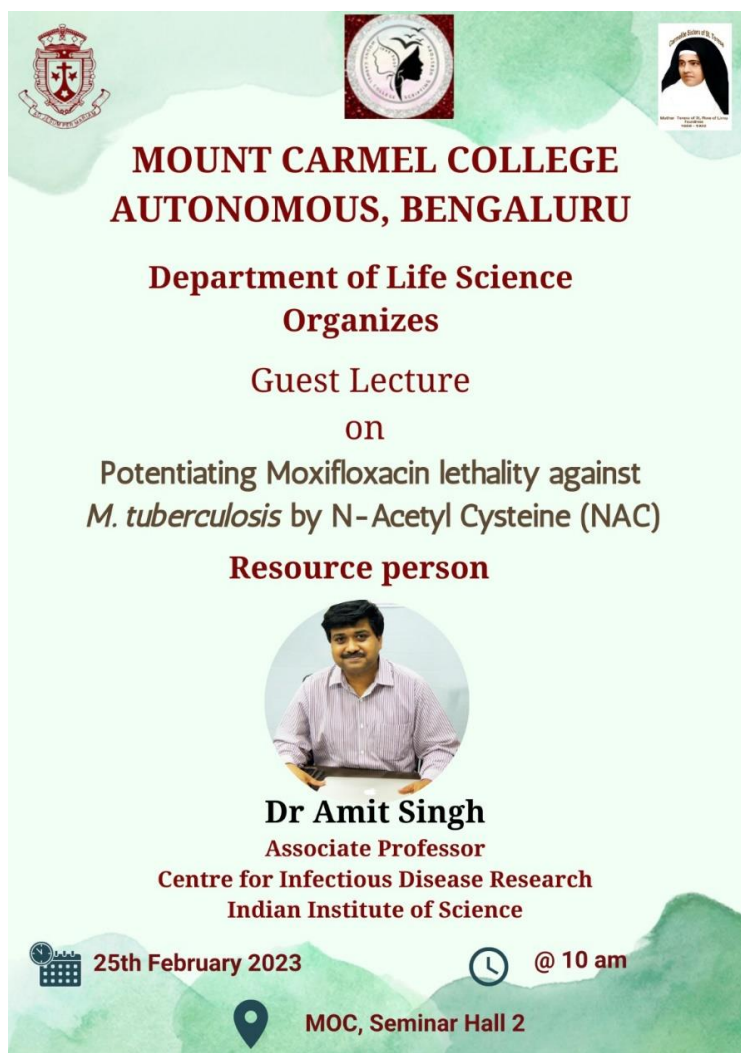

Name of the Programme: Potentiating Moxifloxacin lethality against *M. tuberculosis* by N-acety Cysteine(NAC)

Participants: 55

Resource Person: Dr Amit Singh

Target Audience: M.Sc Life Science students

Write up: Students of II and IV semester M.Sc. Life Science got an opportunity to interact with Dr. Amit Sing, an Associate Professor from Centre for Infections Disease Research, Indian Institute of Science in an offline guest lecture. He explained the complex phenomenon of resistance in Mycobacterium tuberculosis species and the different mechanisms adopted in potentiating moxifloxacin lethality by N-Acetyl Cysteine.
