

Department: Statistics

Date : 5th March 2021

Topic -

The Science Of Joining the dots.

Time: 4:00PM-5:10PM

Speaker: Mrs.Mithila Raman, Operational Risk Assurance Lead,Asia Pacific-Goldman Sachs, Singapore

Description:

The guest lecture was focused on 3 dots:

- What are the different Opportunities we have within our College, academic wise and also other curricular activity wise.
- What all we can do after graduation within and outside India, Academic as well as Job aspect.
- How to see the COVID-19 Pandemic as an advantage for us. And how to be positive throughout the career.

Mrs.Mithila Raman started her session about her journey from MCC to Goldman Sachs, Singapore. She continued the session explaining in detail what all facilities and opportunities we have at MCC and how we can make optimum utilisation of these. She gave a very clear idea of where to look in the future in the direction of our field of interest, which really helped us in changing the direction of how we think.

On the whole, it was a very informative session and extremely inspiring to meet an Ex- Alumni of our college scale such great heights in a foreign country.

Mode of conducting: MS Teams

No. of. Participants: 110 (B. Voc (Analytics) and BSc(CMS / EMS) Students)
